|                                              |                    |                                       |                            |
|----------------------------------------------|--------------------|---------------------------------------|----------------------------|
| <b>ETIM 10</b>                               |                    | <b>Material</b>                       | Steel with surface coating |
| <b>Huella de CO2. GWP A1-A3 (kg CO2 eq.)</b> |                    | <b>IP</b>                             | IP23                       |
| <b>Protection System</b>                     | PG                 | <b>Working temperature range (°C)</b> | -50 / 150 °C               |
| <b>Finish</b>                                | PG3, Pregalvanised | <b>Fire resistance</b>                | A1 No combustible          |
| <b>Resistance Class</b>                      | Class 3            |                                       |                            |
| <b>Width (mm)</b>                            | 600                |                                       |                            |
| <b>Length (m)</b>                            | 3                  |                                       |                            |

## 🔒 Protection System

**CU** - Copper electroplated

**PG** - Pregalvanised

**EZ** - Electrogalvanised

**BC** - Electrogalvanised Bichromate

**BK8** - High Resistance Coating

**GC** - Hot Dip Galvanising

**INOX** - Stainless Steel

**PT** - Polyester Paint

**AL** - Aluminum

**LN** - Brass or Nickel-plated brass

## 🏠 Insulating materials

**PC+ABS** - Halogen Free Polycarbonate + ABS

**PVC** - Polyvinyl Chloride

**PP** - Halogen Free Polypropylene

**PA6** - Halogen Free Polyamide 6

**PA12** - Halogen Free Polyamide 12

**PU** - Polyurethane

**PE** - Polyethylene

**NBR** - NBR rubber

**PET** - Thermoplastic Polyester

**TPV** - Thermoplastic
