

PQU AL Equal Reducer

1/2

Description

Metal accessory for creating an equal reduction for Pemsaband® PQU AL trays. Suitable for wiring installation with trays. Made from Aluminium alloy 1050H24.

Advantages

It allows making width changes of different straight sections with great ease using a single piece.

Available for all heights 30, 50, 60 and request for available widths and reduction sizes.

CEPSA product approval. Designed according to ESP-2208-5 specification.

CE certified in compliance with the low voltage directive 2014/35 / EU

Made of Aluminum alloy 1050H24. Excellent corrosion resistance and mechanical properties.

Applications

Suitable for fixing Rejiband® trays to supports for cable management in electrical and telecommunications installations, industrial installations, infrastructure and civil works and the service sector.
