|---------------------------------------|--------------------|--------------------------------|--|
| ETIM 10                               |                    | Material                       |  |
|                                       |                    | Steel with surface coating     |  |
| Huella de CO2. GWP A1-A3 (kg CO2 eq.) |                    | Impact Strength (J)            |  |
|                                       |                    | 20 J                           |  |
| Protection System                     | PG                 | IP                             |  |
|                                       |                    | IP44                           |  |
| Finish                                | PG3, Pregalvanised | Working temperature range (°C) |  |
|                                       |                    | -50 / 150 °C                   |  |
| Resistance Class                      | Class 3            | Fire resistance                |  |
|                                       |                    | A1 No combustible              |  |
| Flange (mm)                           | 50                 |                                |  |
| Width (mm)                            | 150                |                                |  |
| Reduce to:                            | 100                |                                |  |

| Protection System                 |
|-----------------------------------|
| CU - Copper electroplated         |
| PG - Pregalvanised                |
| EZ - Electrogalvanised            |
| BC - Electrogalvanised Bichromate |
| BK8 - High Resistance Coating     |
| GC - Hot Dip Galvanising          |
| INOX - Stainless Steel            |
| PT - Polyester Paint              |
| AL - Aluminum                     |
| LN - Brass or Nickel-plated brass |

| Insulating materials                      |
|-------------------------------------------|
| PC+ABS - Halogen Free Polycarbonate + ABS |
| PVC - Polyvinyl Chloride                  |
| PP - Halogen Free Polypropylene           |
| PA6 - Halogen Free Polyamide 6            |
| PA12 - Halogen Free Polyamide 12          |
| PU - Polyurethane                         |
| PE - Polyethylene                         |
| NBR - NBR rubber                          |
| PET - Thermoplastic Polyester             |
| TPV - Thermoplastic                       |
