

PQU AL Straight Cover

1/2

Description

Metal cover to protect the straight sections of the Pemsaband® PQU AL trays. Made from aluminum alloy 1050H24.

Advantages

Light and easy to install due to the low density of the aluminium against other metallic materials.

It allows covering the straight sections of the Pemsaband® PQU AL cable trays, achieving maximum protection of the wiring.

CEPSA product approval. Designed according to ESP-2208-5 specification.

CE certified in compliance with the low voltage directive 2014/35 / EU

Made of Aluminum alloy 1050H24. Excellent corrosion resistance and mechanical properties.

Applications

Suitable for fixing Rejiband® trays to supports for cable management in electrical and telecommunications installations, industrial installations, infrastructure and civil works and the service sector.
