

Hexagonal Nut M8 (Ref: 67020095)

1/2

Description

Hexagonal metal nut that together with a bolt enables the fixing of joints, supports and channel structures for installations of trays, joints, flanges for supports and accessories. M 8, M 8, With EZ protection system, EZ3 finish. Available in M8 and M10. Made of steel and in various Protection Systems.

Advantages

CE conformity to directive 2014/35 / EU.

Available in several protection systems: EZ, GC and AISI316L stainless steel.

Very versatile piece for use in any joint along with a M8 or M10 hexagonal set screw.

Applications

Suitable for the fixing of joints, supports and channel structures in tray installations for the management of electrical cables and / or telecommunications in public buildings, infrastructures and civil works, industrial facilities and the tertiary sector.
