

## Plan Channel Nut Safe&Fast

### Description

#### Advantages

Suitable for placing inside the channel, both for the fixing of channel accessories or brackets to it.

Use with hexagonal bolt M6, M8 or M10.

Use with hexagonal bolt M6, M8 or M10.

Discover the innovation that makes installation easier and more efficient. With our exclusive plastic insert, twisting and positioning the piece on the channel or strut has never been easier. This design ensures a perfect and secure fit, saving time and effort with every installation.

Use with hexagonal bolt M6, M8 or M10.

Use with hexagonal bolt M6, M8 or M10.

CE conformity to directive 2014/35 / EU.

It has an internal metal device that connects with the shielding layer of the cable, ensuring electrical continuity and the correct shielding of the cable.

#### Applications

Suitable for the fixing of channel supports and structures for installations of Pemsaband® and Rejiband® metal trays in the management of electrical cables and / or telecommunications in public buildings, infrastructures and civil works, industrial installations and tertiary sector.

#### Solutions

Main technical characteristics

|                                                                                                                                                            |                                                                                                     |                                                                                                  |                                                                                                                |

 Protection System

- CU** - Copper electroplated
- PG** - Pregalvanised
- EZ** - Electrogalvanised
- BC** - Electrogalvanised Bichromate
- BK8** - High Resistance Coating
- GC** - Hot Dip Galvanising
- INOX** - Stainless Steel
- PT** - Polyester Paint
- AL** - Aluminum
- LN** - Brass or Nickel-plated brass

 Insulating materials

- PC+ABS** - Halogen Free Polycarbonate + ABS
- PVC** - Polyvinyl Chloride
- PP** - Halogen Free Polypropylene
- PA6** - Halogen Free Polyamide 6
- PA12** - Halogen Free Polyamide 12
- PU** - Polyurethane
- PE** - Polyethylene
- NBR** - NBR rubber
- PET** - Thermoplastic Polyester
- TPV** - Thermoplastic
