

PQ AL Joints and Fixings

Description

Accessory for joining different sections of Pemsaband® PQU AL trays. Comprised of bolt, nut and washer and approved according to technical specifications of CEPSA® ESP-2208-5. Made from Aluminium alloy 1050H24.

Advantages

It allows the coupling of straight sections of Pemsaband® PQU AL cable tray

Joint kit consisting of screw and nut with stainless steel washer, suitable for aluminum installations.

Suitable for joining straight sections and any accessory from the Pemsaband® PQU AL range.

Electrical continuity guaranteed according to standard IEC61537.

Made of Aluminum alloy 1050H24.

CEPSA product approval. Designed according to ESP-2208-5 specification.

Applications

Suitable for fixing Rejiband® trays to supports for cable management in electrical and telecommunications installations, industrial installations, infrastructure and civil works and the service sector.
